~~20:30 p.m.~~

The Washington Township Trustees met in special session with Powell, Smith and Euler present. Chairman Smith presided. No guests in attendance.

Trustees discussed the two quoted tractors from John Deere. The John Deere 610R Tractor quoted at \$94,328.64, John Deere 6110M Cab Tractor quoted at \$88,798.32 and the John Deere 640R Standard Farm Loader quoted at \$10,897.92. Smith stated the more expensive tractor has a lot more things on it then we should need. It has a panoramic glass roof which we don't need. Powell agreed. Smith stated the trades-in value doesn't include our current loader. Powell asked if the current loader would fit the new tractor, Smith thinks it would. Smith stated the other tractor is an R series which is what the one we have now is. Powell moved to purchase the lower price new tractor for \$88,798.32 and if our existing loader fits the new tractor then we keep it but if it does not we purchase the new loader for \$10,897.92, we should also ask to get more money back on the trade-in for our loader if the old one does not fit, seconded by Euler. Roll Call: Powell – yes, Euler- yes, Smith – yes. Motion Approved. Smith will get with John Deere to let them know. Trustees discussed snow plow options for the new truck and think we should get the same plow we currently have.

Because of no further business, the meeting was adjourned at 5:42 p.m.
